Vegetable Seed Trials

Read Carefully Before Ordering

Remittances should be made with each order. Make them the way that is most convenient with you. Personal checks are good if you have the cash in the bank to cover it.

MY GUARANTEE—Everything entirely satisfactory and as good or better than represented or you may return at my expense and receive all money you have been out. We do not guarantee plants to live, neither do we guarantee them to produce, but we do guarantee that you receive good, healthy plants in good condition.

OUR MOTTO—"Quick service; a square deal to all." It is plants we ship, not mere promises.

SUBSTITUTING—If temporarily out of any variety, we will substitute another equally as good unless you state—Do Not Substitute.

PRICES—We request that you compare our prices with others. The more you investigate the better you will be pleased. A trial is all we ask.

HOT BED PLANTS—Have no soil on the roots, therefore will be much cheaper than pot plants.

POT GROWN—Are grown in small flower pots and mailed postpaid to the customer with the ball of earth on them, which is matted together with roots. All our flowering plants are pot grown, unless stated otherwise.

PERENNIALS—Plants that are hardy or will grow outside and bloom from year to year.

ANNUALS—Plants that reach their best the first year and must be planted again each year.

REFERENCE—Bank of Russellville, Russellville, Arkansas; American Railway Express Company, Russellville, Arkansas.

NO SUNDAY BUSINESS WHATEVER, EXCEPT FLOWERS FOR FUNERALS.

Bulbs for Fall Planting

This Fall we will have a full line of Hyacinth, Tulip, Crocus, etc. These we import direct from Holland. As we buy direct, and cut out several middle men, we will be prepared to make some real close prices on high grade bulbs. We cannot quote prices at this time. Write for prices, or better still, send the amount you want to spend for bulbs, and state the varieties wanted, we will do the rest. Satisfaction guaranteed or return bulbs and get all money back. Special prices on quantity lots to churches, Sunday Schools, societies, lodges, etc. *We both lose money if you don't get your bulbs from us.*

ARKANSAS STATE PLANT BOARD

Certificate of Nursery Inspection

Office of the Chief Inspector—Little Rock

1930—1931

No. C-48

Issued November 10, 1930

This is to certify that, in accordance with the provisions of the Arkansas Plant Act of 1917, the nursery and premises thereof belonging to **W. V. TAYLOR, of Russellville, Ark.**, have been inspected by a duly authorized inspector and were found to be apparently free of injurious insect pests and plant diseases, and that, as a condition of the issuance of this certificate, the owner or operator of such nursery has agreed to comply with such requirements as the Chief Inspector has prescribed for the elimination of infested or diseased trees or plants, and has further agreed to dispose of any nursery stock unless it is covered by a certificate granted by the Chief Inspector of the Arkansas State Plant Board.

This certificate is not transferable and may be revoked for cause.

This Certificate expires September 1, 1931.

PAUL H. MILLAR, Chief Inspector.

TAYLOR'S CHOICE ROSES

All Plants Postpaid Unless Otherwise Stated

BABY DOLL, OR TIP TOP—Blossoms, golden yellow. Beautifully, small, delicate. Price, 15c.

MABEL DREW—The color is a deep cream in the young stage, to intense canary-yellow in the center as the flower develops. Price, 20c.

JOHKHEER J. L. MOCK—Large flowers, erect stems, heavy foliage, quick growth, rich pink; a rose among roses. This is one of our favorites. Price, 20c; 2 for 35c.

KAISERINE AUGUSTA VICTORIA—White; a real rose. Price, 20c; 2 for 35c.

CLOTHILDE SOUPERT—A fine bedder; produces large quantities of medium-sized roses; the color effect is beautiful; ivory white, shading toward center to a bright silvery pink; everybody's rose. Price, 15c.

SOUVENIR DE PIERRE NOTTING—Beautiful long bud, large blooms; orange yellow bordered, with carmine rose. Price, 15c.

CLIMBING COLUMBIA—A hardy, ever-blooming pink climbing rose. Buds and blooms immense size; borne on long stems for cutting. Petals large, color clear, imperial pink. Many have been wanting this rose. Each, 20c.

CLIMBING OPHELIA—Same as Ophelia, only climbing. Price, 20c; 2 for 35c.

NATIONAL EMBLEM—Buds large, long and pointed; very beautiful; flowers freely and continuously all season. Double. Color, dark crimson. Price, 20c.

OPHELIA—Strong growth; flowers on long stems; attractive buds; rich shade salmon flesh shaded with rose. Price, 20c; 2 for 35c.

KILLARNEY—Very fine; pink; everblooming. Each, 20c; 2 for 35c.

AMERICAN BEAUTY—Red; enough said. Price, 25c.

These Pot Grown Roses May Be Planted Successfully any Time From Now Until the End of June.

Taylor's Roses are everblooming, Pot Grown and Sent Postpaid.

The ideal garden has many roses in it. Roses here, and there, and everywhere. There cannot be too many of them. They will bloom well, comparatively speaking, in ordinary soil, but must be given very rich soil if you want them to do their best. Work plenty of old manure in soil and grow specimens. The rose likes heavy soil; it prefers clay loam instead of sandy loam. For best results, cut back heavy.

(All varieties are monthly or everblooming except those marked with a *).

JOSEPHINE VESTAL—In this magnificent rose we find a rose of attractive coloring. It might be described as a salmon-flesh tinted rose, with a touch of yellow at the base. Buds of unusual attractiveness, opening full and double, unusually long and beautifully pointed petals of wonderful depth and substance. Very fragrant, growth strong, almost thornless, flowers on long stems, and in great profusion all summer, Grand for outdoors. 30c each; 2 for 55c.

CITY OF LITTLE ROCK—Surprisingly beautiful. It is distinct and beautiful in color, a rose pink. The buds which open perfectly, are long and ideal form. The growth is vigorous and the flowers are produced profusely. Its pronounced fragrance will attract all rose lovers. Price, 20c; 2 for 35c.

PINK MAMAN COCHET—The flowers are of enormous size, very full and of great depth and substance. Color, rich coral-pink, elegantly shaded with rosy crimson; has broad, thick, shell-like petals and makes superb long-pointed buds. Price, 20c.

MME. BUTTERFLY—Bright pink, apricot and gold. Price, 15c.

COLUMBIA—Flowers are very large, being a giant pink. A rank grower. Blooms with a great freedom. Buds are borne on long stiff, straight stems. Very fragrant. Fully double. Fine for garden culture. Price, 20c.

ALEXANDER HILL GRAY—Pure yellow. Large full flowers with high pointed centers. Free producer; robust, vigorous and erect. Price, 15c.

SUNBURST—This giant yellow rose is a fine forcer; ranks high in its class; color, orange coppery; everblooming. Another favorite. Price 15c.

BRIDE—Pure white under glass, taking on a delicate pink tinge out of doors. Forces well and produces abundantly for cut flowers. Price, 15c.

BRIDESMAID—Clear, shining pink, buds of exquisite shape; stems long and stiff; a profuse bloomer. A leader of pink forcing roses since 1893, and likewise an outdoor favorite. Price, 15c.

WILLIAM R. SMITH—Creamy white with shading of pink; a seedling from Maman Cochet and Kaiserine Augusta Victoria; beautiful in form and color; glossy foliage; long stiff stems; vigorous growth. Price, 15c.

HELEN GOOD—Helen Good is a genuine Cochet, being a sport from Maman Cochet. It is identical in foliage, growth, size and shape of flower, different only in color. It is a delicate pink, fully distinct from Maman Cochet. Price, 20c.

SENSATION—An entrancing shade of red; stems long and pointed. Heavy foliage; stands among the best roses. **Price, 25c.**

CRUSADER—Strong growing variety. Blooms big and double. Color, a rich velvety crimson. Flower stems are strong. A good grower and free bloomer. **Price, 20c.**

FIANCES SCOTT KEY—Some flowers have as high as sixty petals and sometimes more opening to a very high center; color is a magnificent red. Is very easy to cultivate and requires little care. **Price, 20c.**

COMMONWEALTH—This new Rose has large, long pointed buds, borne singly on medium strong stems. Color, an even deep pink, would be called a solid color. A vigorous grower, delightfully fragrant. **Price, 25c.**

CLIMBING SUNBURST ROSE—The same as Sunburst, except this is a climber. One of the finest climbing yellow Roses. **Price, 20c.**

RED RADIANCE—Hardy, free bloomer, vigorous grower, large, double red blooms. **Price, 20c.**

PINK RADIANCE—Giant flowering, fine buds, very double; fine for cut flowers. **Price, 20c.**

***CLIMBING AMERICAN BEAUTY**—Color, a rich glowing crimson. Same color and qualities as the American Beauty, only this is a climber. **Price, 20c.**

TALISMAN—A very popular rose because of its brilliant red bud, opening to a glowing golden yellow, stained with copper red and orange rose on inside of petals. Pot grown plants. **35c each, three for 95c.**

REINE MARIE HENRIETTA ROSE—A very strong growing climber; rich brilliant crimson. **Price, 15c each.**

J. B. CLARK—Deep scarlet, shaded blackish crimson; large, beautiful flowers. **Price, 25c.**

FRAU KARL DRUSCHKI—"White American Beauty." The distinctive form and expression of its bud, half open state and maturity, are a three-fold revelation of exquisite charm and beauty. They commence blooming with the June Roses, are conspicuous throughout the summer with their large flowers of waxy paper white, and yield their last armful with the first snows of any fall. **Price, 25c.**

DARDANELLE—Well shaped buds of cherry red, grand in size, the expanded flowers changing to a pretty shade of cherry rose, sweetly scented. Dardanelle is a novelty of the greatest merit and we are certain that it is destined to become a great popular favorite. Apart from the glorious color it has all the good points we expect to find in a good garden Rose. **Price, 30c.**

LA FRANCE—(Pink)—No variety can surpass it in delicate coloring—silvery rose shades, with pink. It has a satin sheen over all its petals. It is hardly beyond question. It blooms continuously. The flower is large, finely built, endures for a great length of time, is exquisitely colored and fragrant in the highest degree. **Price, 20c.**

HELEN GOULD—This is a grand Rose of the very highest merit for the garden; bright watermelon-red; very free grower and bloomer. **Price, 20c.**

***PAUL NEYRON**—Largest of Roses, blooms two or three times a year. Color, pink, shading to rose, most beautiful in the massiveness of the blooms. Very fragrant with mild touch of apple blossoms. The rose is very strong and vigorous and is considered by Rose growers as suited for outdoor planting. **Price, 20c.**

FUCHSIAS

(LADIES' EAR DROPS)

Will grow in almost any soil, but does best in a light, open, spongy one. It must be well watered. Do not allow the roots to become dry. A daily shower on its foliage will be a great help. It likes the morning sun or will do well in a partial shade. Never expose to the hot midday or afternoon sun. All pot grown.

BLACK PRINCE—One among the very finest Fuchsias grown for the beginner. It makes a shapely bush; robust in growth. Blossoms of a beautiful waxy carmine or pink color. **15c each, 2 for 25c.**

SPECIOSA (known as the Winter Bloomer)—Color, rich carmine and rose. Remarkable for its bright glossy green leaves. **Price, 15c; 2 for 25c.**

PHENOMENAL—The largest flowering Fuchsia. Tall growing, branching like a tree, with dark glossy green leaves. Sepals bright scarlet with rich violet, purple, corolla. **Nice Strong Plants, 15c.**

TAYLOR'S CHOICE BEGONIAS

(ALL POT GROWN)

CORALLINA LUCERINE—Bright coral red, changing to delicate pink. The foliage is dotted with silvery white; will stay in bloom for months. Sure to please. **Fine plants only 20c.**

THURSTONII—The flowers are a beautiful deep pink in bud, but when fully expanded become a beautiful shell pink. Leaves large and polished or emerald green color, blood red underneath. Very showy. **Price, 20c.**

ARGENTA GUTTATA—Purple bronze leaves with silver markings. White flowers; fine plants. **15c each.**

RUBIA BEGONIA—The Rubia is one among the best Begonias; has dark glossy green leaves; makes a wonderful house plant; free bloomer. The flowers are scarlet rose color. **Price, 20c. 3 for 50c.**

METALLICA—The Metallica Begonia has large hairy leaves with metallic luster; blooms are pink. **Price, 20c.**

BEEFSTEAK BEGONIA—(called by some the Strawberry Leaf Geranium)—The leaves have silver top, red underneath. Very ornamental. Flowers, pink. **Nice plants, 15c each, larger one, 25c.**

BEGONIAS (known as the Everblooming Varieties)—Very fine for bedding out or for pot plants. They are great bloomers, almost perpetual. Small foliage, glossy green, turning to a purplish bronze. State color, red or pink, **18c each; 2 for 35c; 6 for 90c.**

REX BEGONIA—Our Rex Begonias are the most beautiful of foliage plants with beautiful colored leaves of enormous size, making an unequaled house plant; sure to please. **Price, 25c.**

TAYLOR'S CHOICE GERANIUMS

TAYLOR'S CHOICEST GERANIUMS LARGE DOUBLE

Price, 15c each; three for 40c; six for 75c; dozen, \$1.25. Assort as you like.

IRVINGTON BEAUTY—Every branch producing an immense truss of rosy, salmon-pink bloom. A four inch pot plant often showing five to seven large perfect trusses. It is just as fine for bedding as for pot culture and the most persistent bloomer in the Geranium family.

SCARLETT BUDDER—A free bloomer. One of the best Scarlett you will find. A real outstanding geranium.

PINK BARNEY—The best double pink color, bright rosy-pink with distinct white blotch in center. A free bloomer.

LANDRY—Distinct salmon pink shading to scarlet; enormous blooms. Will stand extreme heat.

RADIO RED—Darkest and richest Geranium grown. It is a very bright dark, deep, rich velvety maroon, an excellent bedder and a perfect pot plant.

DUKE DE MONTMART—This is nearest to the blue geranium. It is more strictly speaking a rich purple; a striking color.

ALPHONSE RICCARD—A most beautiful shade of bright vermillion, large flowers and enormous trusses a grand variety.

AMERICAN BEAUTY—Flowers light red color; large and double; fine for pots or bedding.

S. A. NUTT (Queen of Crimson)—Said to be the best dark red bedder; a great bloomer; double. A great favorite.

BEAUTE POITEVINE—A beautiful variety, with large double flowers of a bright salmon pink; very fine.

BUCHNER—Plants bushy, large flowers; pure white; fine for pot or bedding.

JEAN OBERLE—One of the most beautiful among the colors; known as peach or hydrangea pink. Plants strong and free bloomers.

JEAN VIAUD—Among the best large flowering double pink geraniums, color rich deep pink, shading near the base of petals to light pink.

HELEN MITCHELL—Clear, brilliant, scarlet. One among the best.

The above are all double.

OUR LOSS IS YOUR GAIN—We have a lot of Geraniums that tags have been lost from. They are nice plants, but they are mixed. We do not know the color, so will sacrifice them for only 10c; 3 for 25c; dozen, 90c.

Eben E. Rexford, in his book on flower culture, states, as follows: "If I were asked to name the one flower best adapted to general culture I would unhesitatingly name the geranium as the flower. It is of easy culture. All that is asked is good soil, enough water to keep roots moist, but never wet, sunshine, and away from frost."

Geraniums will not stand much water, neither will they bloom well in a large pot.

MRS. E. G. HILL—A good single geranium and a profuse bloomer of a soft, light salmon; each petal bordered with rose salmon.

IVY-LEAVED GERANIUMS—Very fine for baskets, either trailing or climbing. Color, pink, salmon. red. State color wanted.

STRAWBERRY GERANIUMS—Leaves nearly round and striped freely with silver bands. Blooms white. Easily grown. Does well in sun or shade. Does not resemble the Geranium. 10c each, 3 for 25c; fine for baskets.

SWEET SCENTED GERANIUMS—Nutmeg lemon and rose are the three different varieties. 15c each or two for 25c.

COLEUS

These are all fine for bedding and as specimen pot plants during the winter. They are wonderfully attractive. I do not know of a finer foliage plant than the Coleus. Keep well sprayed with Shep if the white cotton-like bugs should appear in summer. Enough Shep to make four gallons of spray for 40c. Postpaid.

NEW PRESIDENT HARDING COLEUS—Bright red leaves, with brown, green-yellow edging. A real beauty. Only 15c.

TRAILING QUEEN—A free, rapid and easy grower. Elegant fringed leaves, blending from pink to crimson, bordered with chocolate markings. 10c each; three for 25c; 12 for 90c.

CHRISTMAS GEN—Very broad leaves; bright crimson, marked with yellow. Sure to please. Price, 15c each; 3 for 40c.

NEW GIANT RAINBOW (Christmas Queen)—Long leaf, richly colored. Many colors, ranging from dark velvet to pink, yellow, brown and green. A winner. Price, 15c each; 3 for 40c.

DEFIANCE—New; fine leaves, bright yellow about one-half of surface, in center bright velvety crimson. Price, 15c each; 3 for 40c.

MANY VARIETIES MIXED—10c each, 3 for 25c; dozen, 90c.

SANSEVIERIA

(Zebra, Snake or Tiger Plant)

Just the plant to grow in sunless windows, dark or heated rooms; will stand almost any amount of neglect, yet holds its thick, fleshy green clouded and sword-like leaves in this graceful position.

15c each

Our cut flower department is always anxious to serve you. We guarantee satisfaction.

ALYSUM

A fine small growing plant for borders or beds. White. Price, pot grown plants, each, 5c; per dozen, 50c; hot bed plants, 20c dozen; two dozen 35c.

ACQUATIC PLANTS

FOR THE LILY POOL.

WATER HYACINTHS—Fill bowl about half full of good soil. Pour in water until it will stand two or three inches deep. Place the lower ends in soil and let plants float in water. Has fine blooms, borne on spike of bluish color. Fine for fish bowls or pools. Will grow fine floating on top of water but will not bloom so well unless roots reach soil. Price, 15c; 2 for 25c.

HARDY WATER LILIES—Hardy Water Lilies are easy to plant, but it must be noted that they are to be set horizontally and not be put in up and down or they will very likely fail to start. Just press them into the ground, covering them with an inch of soil so they will not float away and scrape the soil away from off the growing end. The soil should be well firmed around them. An inch of sand or gravel put on the box after they have been planted will help to keep the water clear and prevent the goldfish from rooting in the mud. A few days after planting if the water becomes dark and discolored from the fertilizer used, it will be well to drain the water off and fill up with fresh. In our own pools we always do this and recommend it particularly for small pools. We think it the most essential thing in establishing a pool. 25c each; 2 for 45c.

BLUE GIANT—Flowers of largest type of rich blue; free bloomer and continuous flowers. This Lily will brighten your pool. Price, \$2.00. each.

PINK OPAL—Exquisite deep rich pink; flowers of interesting form. It presents an appearance quite unique and decidedly attractive. Excellent as a cut flower. Price, \$2.00 each.

ROSE AVERY—The bright cerise flowers are very large, up to eight inches in diameter; very sweetly scented, with pointed petals, giving effect of dark shades near the edge. Free flowering and of strong growth. This Lily is of exceptional beauty. Price, \$2.50 each.

PARROT FEATHER—Quite successful when planted in a tub or water tight hanging basket. The growth soon goes over the edge in the form of soft trailing sprays. Price 10c; 3 for 25c.

UMBRELLA PLANT—Should be grown in pot half full of rich soil, then filled with about two inches of water. Just the plant for your fish pool. As it gives shade for the fish. Always fresh, green and attractive. Stems grow two feet high, surrounded by whirls of leaves. Price, 15c; two for 25c.

GOLD FISH

The interest in keeping Gold Fish is constantly increasing. Gold Fish are kept in many thousands of homes in all parts of the country. They are interesting and entertaining, the bowls of water are healthful in the room. An outside pool with fish is admired by the young and old alike.

We are able to offer our trade splendid variety of Gold Fish at the following prices:

1½ to 2 inch fish, each 15c; per dozen \$1.25
2½ to 3 inch Fish, each, 20c; per dozen \$1.75
3 to 3½ inch Fish, each, 25c; per dozen \$2.25

SHUBUNKINS GOLD FISH

The newest variety of Gold Fish; often scaleless, and is distinguished by patches of red, black and blue against the pearl background. No two are alike in color markings. Certainly they belong in every fine Gold Fish display, whether indoors or fountain or pool. These fish will live in outside pool the year around. If the water freezes over, just keep the ice broken so they can get air.

2 inch size, 20c each; 12 for \$1.95

DECORATIVE FERNS

ALL FERNS ARE POT GROWN

More Ferns are killed by watering than from lack of it. When soil is sticky, do not water. When soil is dry, water thoroughly. The best way is to stand pot in basin of water 15 minutes. Watch for the very small white specks on underside of leaf near base of stem, for this spray with Shep, enough Shep to make 4 gallons of spray for 40c.

WHITMANII (Ostrich Plume Fern)—More of a dwarf habit than the Boston Fern. The fronds are of entirely different nature. Each frond is subdivided on the order of the Compacta Fern, thus producing a very beautiful effect. Its decorative ability is excellent. Price, 15c.

SPLENDIDA—"The Big Four Fern"—a decided novelty. It combines the good qualities of the four most popular sorts—the grace of the Boston, wavy effect of Roosevelt, fluffy effect of Ostrich Plume, and the uniqueness of the Fish Tail. Price, 20c; three for 55c.

NORWOOD FERN (Fluffy Ruffles)—A dwarf compact fern similar to the Ostrich Plume, carrying its fronds stiff and erect. Makes an ideal specimen. A favorite of mine. Good plants, at 20c; 3 for 55c.

NEPHROLEPIS SPARROWII FERN—We are glad to offer our customers this new variety. Quite robust, rapid and easy grower, can be grown with success by the amateur; dark green foliage, beautiful crested fronds. Price 20c; 3 for 55c.

SCOTTIE—"The Newport Fern"—It is a rapid grower and to see it in all stages of growth from a runner in the bench to a pot specimen. Will convince you of the demand as a house fern. Price, 20c; 3 for 55c.

SMITHII FERN—"Baby Breath"—An improvement over the Ostrich Plume; compact form fronds on wiry stems. Very attractive. A popular variety. Price, 15c.

NEW FERN (John Wanamaker) — This new fern is quite distinct from other ferns, growing rapidly, making an abundance of long, narrow drooping fronds. This is a very durable house fern. Price, 15c each.

FEATHER FERN (Asparagus Sprenger!)—The plants are rapid growth, growing freely all year, producing large sprays. Fine for window boxes or hanging baskets. A fine house plant. Foliage used for cut flower work or in bouquets. Keeps fresh a long time. Price, 15c. Larger Plants, 25c.

BOSTON FERNS—An old stand-by that is hard to beat. Has long, graceful drooping fronds. Grows very large and is very popular. Price, 15c; larger plants, 25c.

COMPACT SWORD FERN—Resembles the Boston, only is more dwarf and more erect and darker shade of green gracefully arched. A good house plant. Price, 15c.

TEDDY JUNIOR—New dwarf fern, said to produce nearly four times as many fronds as any other fern introduced; fronds are broad and tapered from base to time. Price, 15c each.

LACE FERN—(Asparagus Plumosus)—Graceful bright green leaves of delicate form and unusual beauty. A fine house plant. Thrives under all conditions. The foliage cut and put in water will hold its shape and color for weeks. Price, 15c each.

PEONIES

Few hardy plants are so suited to any position in the garden or lawn as the Peony. The display of flowers is very effective, rivaling the rose in beauty. A good deep rich soil suits them best with plenty of sun, while they do well in any ordinary soil, once planted they will last for years. Plant two and one-half inches under ground. If planted deeper will grow, but will not bloom.

DUCHESS D'ORLEANS—Medium to large; dark carmine pink guards, center soft pink; fragrant; mid-season; vigorous, tall; a free bloomer. A profitable cut flower; it ships well, can be depended upon for an abundance of flowers year after year. 35c each.

ZOE CALOT—Very large; soft pink tinted lilac; fragrant, full globular bloom; mid-season; growth strong; good height; stiff stems; blooms freely. 45c each.

CANDIDISSIMA—Large tinged sulphur, becoming white; fragrant; rose type; early; blooms freely. 45c each.

MIXED PEONIES—Not a cheap lot of undesirable sorts, but a really first class mixture of good named Peonies, the leading commercial varieties predominating. 35c each; 2 for 65c.

OLD FASHIONED GARDEN PEONIES—Pink, white and red. 40c each; 2 for 75c.

GIANT MOON VINES

Great climber; extra fast grower. Has large, white flowers, which are produced in abundance. This is what you want for porch or window shade. An annual; reaches maturity the first year. Will give you all the shade you are looking for. Price, 10c. \$1.00 per dozen.

SNAP DRAGON

A border and bedding plant of long blooming season. Long showy spikes of curiously shaped tubular flowers. Many fine colors, mixed. Pot grown plants, 5c each; 50c dozen. Hot bed plants 20c dozen.

INDIA RUBBER PLANT

This plant attains a large size and tree shape; has a large, smooth, leathery leaves; resembling the Magnolia very much. A fine pot plant. Price, 50c each.

DIRECTIONS FOR CHRYSANTHEMUMS WHICH, IF FOLLOWED, WILL INSURE SUCCESS.

WHEN TO PLANT—Any time after the ground can be worked, even up to June 20th, will give you good blooming plants in the fall.

SOIL—Dig the ground deep; put in quantities of manure. The Chrysanthemum is a gross feeder; if fed well the flowers will be large and the plant strong.

DISBUDDING—If you want large flowers, keep plants pruned and disbudded, leaving only three or four buds, for a real show bloom leave only one.

WHEN TO LIFT—In localities subject to heavy frosts in October or November plants should be lifted into large pots or boxes by September 1. After lifting drench thoroughly and never allow them to suffer for water. Give manure water, if possible, once a week. If protected from frost by sheeting, they need not be brought into the house till well into October, and when brought in place in a room without fire; give plenty of air when not frosty. In cold climate winter in cellar.

Chrysanthemums enemy—Black Aphis and Mealy Bug.

Keep them sprayed with Shep. Enough Shep to make four gallons of spray, 40c.

MAMMOTH VERBENA

Similar to the hardy white Hibiscus, but the flowers are of a pink, very striking. 25c each; 2 for 45c.

HARDY CRIMSON HIBISCUS

Immense striking deep crimson flowers; nothing with as much merit has been introduced in recent years. Price 25c; 2 for 45c.

BLEEDING HEARTS

(Dicentra Spectabilis)

These pretty spring bloomers with their graceful, drooping sprays of heart-shaped pink and white flowers. Are very ornamental; and bloom early in season. Small plants, 25c each; two-year-old plants, 60c; 2 for \$1.00.

YUCCA (Adam's Needle)

A very effective and striking hardy plant; will grow on high, dry banks or on the lawn. Good for the rockery; sword-like evergreen foliage. Creamy white flowers, borne on tall stems. 15c and 25c each.

DELPHINUM

These hardy plants belong in every garden. Few perennials make such a fine show during spring and early summer, and in cooler sections the plants keep on blooming for many months. They are excellent for cutting. Set the plants four feet apart, so that they can develop freely. During severe winter weather cover with coarse straw or leaves. Belladonna, a beautiful light blue, 20c each; 3 for 55c. Bellamosa, of the same stately habit as Belladonna, but with dark blue flowers, 20c each; 3 for 55c; 12 for \$1.75.

Taylor's Plants and Seed for the farm and Garden

Sweet Potato Plants

(Ready for Shipment April 25th)

We can supply any quantity from the small garden to the largest fields. Diversify your crop, cotton is too cheap—grow Sweet Potatoes.

Our seed are selected from the best potatoes obtainable in this vicinity and treated as the Government suggests.

We have been bedding several hundred bushels for a good many years and we claim to know a little about growing Sweet Potato plants, and in buying from us you get the benefit of all our experience. Our potatoes are bedded in soil each year that potatoes were never grown or bedded in before. We pack well and guarantee plants to arrive in good condition.

PRICES ON EITHER VARIETY OF SWEET POTATOES—Postage or Express Paid—100 for 30c; 200, 50c; 500, \$1.00; 1,000, \$2.00; 5,000 or over, \$1.90 per 1,000; 10,000 or over, \$1.75 per 1,000. If you can use a larger amount write for special prices.

DIFFERENT VARIETIES—We only grow Nancy Hall and Porto Rico. These are best varieties to be had, in our opinion.

The above prices are the market price at the time of going to press. If the market should decline, our prices will be lower.

Bermuda Onion Plants

Bermuda Onion plants are growing more and more in favor every year. Onions grown from plants mature quicker, and sweeter, will keep longer—a sure crop if planted early. To get the best results they must be planted early. If you wait until May to transplant the chances are you will fail to get satisfactory results.

100 for 25c; 500 for 75c; 1,000 for \$1.25

Write for prices on larger quantities.

POT GROWN TOMATO PLANTS

We grow Beefsteak, Earliana Fifty-Day and Stone Plants in flower pots. For extra early tomatoes, try a few plants this being the quickest way known to have early tomatoes. Once you try them, you will want no other, if it is early tomatoes you are after. Nice large plants, well rooted, shipped with soil on them. 5c each; 12 for 45c; 100 for \$3.00. Express or Postage Paid. At Greenhouses, 35c dozen.

PONDEROSA—Of perfect shape. Very large, early to late. Quality fine. Color pink. Too well known to need much description. A winner. 1,000, \$1.00; 2,000, \$7.00.

EARLIANA—An extremely early, smooth, bright red tomato; good sizes and vines small but vigorous. This is the tomato that delivers the goods. 1,000 for \$3.50; 2,000, \$6.50.

PERFECTION—A standard early red variety. As now grown it is very similar to Chalk's Jewel. The fruit ripens early and bears until frost.

BEEFSTEAK—Without question this Beefsteak Tomato is the king of all tomatoes. The world's unbeatable tomato for the main crop. Ripens early and continues to fruit for a long period. Large, a splendid keeper, very productive. Fine color. Flavor cannot be beat.

1,000 for \$4.40.
2,000, \$7.50

NEW STONE — A standard, main crop; red medium early, a fine canner. Very popular.

1,000, \$3.00.
2,000, \$5.00.

GIANT CHAMPION, OR TREE TOMATO — The

most popular of the dwarf variety in cultivation. Sturdy, stocky plants are of upright growth, need no support. Produces handsome purplish red fruits that begin to ripen early and are produced throughout the season.

MATCHLESS—A very dependable, large and smooth tomato, second early sort, makes a good canning variety.

RED ROCK—One among the best. Its size, beauty, shape, color, flavor, durability and productivity makes it desirable to growers. Similar to Stone.

MARGLOBE (WILT RESISTANT)—This variety is a cross between Marvel and Globe, producing a heavy yield, of large smooth, solid, red fruit which ripens medium early. It is somewhat larger than the Stone, and is highly recommended because of its wilt-resisting features. The havoc wrought by wilt in Tomatoes is serious, if you have been disappointed in growing tomatoes because of this disease, you will be interested in this hardy, wilt-resistant sort.

JOHN BAER—Early, smooth, bright scarlet; has short, vigorous vines; has less seeds than Earliana and a little later.

OLD DUKE OF YORK—Claimed by the Originators to be **Blight-Proof**—This is a new one, the originator, made such great claims that we wanted to try it. A heavy cropper, ripens evenly to the stem; produces until frost; quality the very best; solid and meaty. A fine shipper.

BONNY BEST—Fruit generally borne in clusters. A good, uniform, early tomato; scarlet red.

BUCKBEE'S FIFTY-DAY—Mrs. Buckbee, the originator, claims that good plants will produce ripe fruit in fifty days after set in the ground. Hence the name, "50-Day." If it is early Tomatoes you want, try this one. Our plants are grown from originators' seed only. 1,000 for \$4.00

WASHINGTON ASPARAGUS—One of the best; it has thick and heavy shoots, long, straight and closely folded tips; rapid grower; set four inches deep; fertilize well. Price, 2 year roots, 6 for 20c; 12 for 35c; 25 for 60c. Postpaid.

NEW GIGANTIC TASMANI BEAN

A Wonderful Novelty.

This Bean comes to us highly recommended by a large wholesale seed house in the north as follows it is more like a cucumber or melon than a bean, grows very large, some beans weighing 20 lbs. A real delicacy superior to other vegetables. It can be prepared for the table in many ways, fried, baked or boiled. It is most luscious in flavor. One of these monstrous fruits will satisfy a family of seven and have some left. The fruit weighs as high as 20 lbs., but are best when about 6 pounds. A heavy yielder, easy to grow. More mature fruits stored in a cellar will remain in good condition until Christmas. Culture same as watermelons; not more than two or three seed to hill.

TO COOK—Slice thin, stew in butter 30 minutes. Add raw chopped onions, stew 5 minutes long. Makes a fine dish that will take place of choice meat stews. Packet, 10c.

CHOICE CUT FLOWERS FOR ALL OCCASIONS

Our Cut Flower Department has grown until we were forced to build a new flower shop, which we did, of native stone and stucco. We now have an up-to-date flower shop and are still gaining new customers. We specialize in designs for funerals, which we make and ship anywhere in Arkansas or adjoining states. We have recently shipped to Muskogee, St. Louis, Little Rock, and on to Mississippi with reports that they arrived in good condition and were beautiful. Phone 326 if in need of cut flowers. Our prices are reasonable. Give us a trial.
